Australasian Society for Philosophy and Psychology 2018 Meeting

Schedule Only

5th-7th December 2018
Macquarie University, Sydney Australia

Wednesday, December 5th

8 on: Registration and coffee
9 Welcome to Country
9:15-10:15 Keynote: Michael Richardson (Macquarie University) "Symmetries of Order in Perception, Action and Cognition"
10:15-10.45 Morning Tea

10:45-12:15 Parallel sessions

Room A	Room B
Alessio Bucci (University of Turin): Altered states of consciousness: a conceptual analysis based on empirical cases	Nick Byrd (Florida State University): Not All Who Ponder Count Costs: Arithmetic Reflection Predicts Utilitarian Inclinations, but Syllogistic Reflection Predicts both Deontological and Utilitarian Inclinations
Katsunori Miyahara (UoW): Expediting neurophenomenology: Lessons from an initial attempt	Graham Wood (UTAS): Toward a unified cognitive science of moral intuition.
Alex Morgan (Rice University): Gaining Perspective: On the Neurocomputational Mechanisms of Subjectivity	Noel Viana (UTAS): Stimulating the brain or altering the self? The effects of neurostimulation for Alzheimer's disease
Lin Ying-Tung (National Yang-Ming University): Field and observer perspectives in episodic simulation and the sense of self	Pablo López-Silva (University of Valparaíso): Are These My Own Thoughts? Attributions of Mental Agency and the Challenge from Psychopathology

12:15-1:00 Lunch

1:00-3:00 Long Symposia

Room A	Room B
"Enculturated Minds: E-Cognition Perspectives on Collective Intentionality, Social Cognition and Perception." Glenda Satne (UOW/UAH) and Richard Menary (Macquarie); Ines Hipolito and Daniel Hutto (UOW); Nick Brancazio and Miguel Segundo Ortin (UOW); Alan Jurgens (UOW).	Author-Meets-Critics session Josh May *Regard for reasons in the moral mind* Daniel Cohen (CSU Wagga Wagga); Philip Gerrans (University of Adelaide); Jeanette Kennett (Macquarie); Joshua May (University of Alabama at Birmingham); Robin Zheng (Yale NUS)

3:00-3:30 Afternoon Tea

3:30-5:00 Parallel sessions

Room A	Room B
Peter Slezak (UNSW): Intuition and Omniscience	Isaac Wiegman (Texas State University): The Motivational Structure of Emotions
Corey Maley (University of Kansas): Analog Computation for Cognitive Science	Mizumoto Masaharu (Japan Advanced Institute of Science and Technology): Knowing emotions of others: A cross-linguistic and cross-cultural study
Larry Shapiro and Greg Nirshberg (University of Wisconsin–Madison): Structural and Indicator Representations: A Difference in Degree, Not Kind	Olivia Odoffin (Rutgers): A Productivity Argument for Emotion
Jon Opie and Gerard O'Brien (University of Adelaide): Commentary	Jodie Valpied (University of Melbourne): Are extraverts really happier? Philosophical and methodological issues in the study of introversion-extraversion and positive affect.

5:15-6:15 Keynote: Kate Stevens (Western Sydney University) "Bodies of knowledge": recollective and creative cognition in Australian contemporary dance
6:15-7:30 Poster reception, including informal welcome remarks from Max Coltheart (Macquarie)

Thursday, December 6th

9-10 Keynote: Donna Addis (University of Toronto) "Episodic Memory and Episodic Simulation: One and the Same?"

10:30-12:00 Parallel sessions

Room A	Room B
Symposium: "Current Issues in Cognitive Neuroscience" Tom Carlson (USyd); Mark Williams (Macquarie); Brendan Ritchie (KU Leuven)	Vicente Raja Galian (Western University): Don't Trust the Body Snatchers! Predictive Processing and Dis-Embodied Cognitive Science
	Guilherme Sanches De Oliveira (University of Cincinnati): Scientific Representation, Mental Representation, and Embodied Cognition
	Martin Hartmann (University of Jyväskylä): Music-induced movement: Prediction of perceived similarity and interaction between dyads

12-1 Lunch and General Meeting of the ASPP
1:00-3:00 Long Symposia

Room A	Room B
"Minds in Skilled Performance" Jesús Ilundáin-Agurruza (Linfield College) and Yoshiko Oda (Tokai Gakuen University) ; Michael D. Kirchhoff (University of Wollongong) and Ian Robertson (University of Wollongong); Katsunori Miyahara (University of Wollongong/University of Tokyo)	"Collective Memory" Catherine A. Browning (Macquarie); Celia B. Harris (Macquarie); Santiago Arango-Muñoz (Universidad de Antioquia); Craig Thorley (James Cook University); Chloe Wall (University of Otago)

3:30-5:00 Parallel sessions

Room A	Room B
Symposium: "Beliefs Beyond Rationality" Stephanie Howarth (Macquarie), Colin Klein (ANU), Vince Polito (Macquarie)	Wayne Christensen (University of Warwick): Meshed cognitive and automatic control in skilled action
	Angus McLachlan (Federation University): The ticklish touch: stimulus or sign
	Markos Valaris (UNSW): Action Demonstratives and Knowledge of Action
	Christopher Hewitson (Macquarie): Exploring Bayesian integration in visuomotor learning

5:15-6:15 Keynote: Andy Clark (University of Edinburgh "Computational Psychiatry and the Construction of Human Experience"
Conference Dinner (Details TBA)

Friday, December 7th

9-10 Presidential Address: John Sutton (Macquarie University) "Otto in the Wild: dementia and distributed cognition"

10:30-12:00 Parallel sessions

Room A	Room B
Symposium: "The temporally extended self – from development to degeneration" Thomas Suddendorf (UQ); Jonathan Redshaw (UQ); Adam Bulley (UQ); Muireann Irish (USyd); Cherie Strikwerda-Brown (USyd)	Kate Devitt (QUT): Antagonising the echo chamber: Can a social network counteract cognitive bias with Bayesian rationality?
	Hoda Mostafavi (Macquarie): Person-reading: The cultural evolution of social cognition
	Linus Huang (Academia Sinica): Neurodemocracy: Self-Organization of the Embodied Mind
	Mike Dacey (Bates College): Evidence against Default Models in Comparative Psychology

1:00-3:00 Long Symposia

Room A	Room B
"The Biological Boundaries of Predictive Processing" Jakob Hohwy (Monash), Michael Kirchhoff (UOW); Alex Morgan (Rice); Ross Pain (ANU) and Stephen Mann (ANU)	"Movement, Expertise and Creativity" Maya Gavish (Western Sydney University); Robin Dixon (USyd); Ian Maxwell (USyd); Kath Bicknell (Macquarie); Sarah Pini (Macquarie)

3:30-5:00 Parallel sessions

Room A	Room B
Sophie Stammers (University of Birmingham): Confabulation, the stigma of illness and stories of empowerment	Symposium: "Mutual Manipulability, Extended Cognition, Enactivism: Open Challenges and Future Directions"
Lauren Olin (University of Missouri - St. Louis): Mistaking Identities	
Quinn Gibson (NYU Shanghai): Monothematic Delusions: An expressivist two-factor account	David M. Kaplan (Macquarie University); Alexander James Gillett (Macquarie University); Michael D. Kirchhoff (Wollongong University); Richard Menary (Maquarie University), Karola Stotz (Macquarie University)
Katya Numbers (CHeBA, UNSW): Mine or Yours? Responsibility and Remembering in Strangers and Romantic Couples.	

5:15-6:15 Keynote: Peter Godfrey-Smith (University of Sydney) "Mental Unity and Animal Experience"

6:15 – 6:30 Closing remarks: Colin Klein
